

LEARN TO COMPETENTLY AND CONFIDENTLY ASSESS AND TREAT SUICIDALITY.

THE COLLABORATIVE ASSESSMENT & MANAGEMENT OF SUICIDALITY (CAMS) IS AN EVIDENCE-BASED THERAPEUTIC FRAMEWORK, INTERNATIONALLY RECOGNIZED AS A TOP-TIER SUICIDE-SPECIFIC ASSESSMENT AND TREATMENT INTERVENTION.

JOIN A CAMS 2024 TRAINING COHORT!

1 Foundational Online Video Training: The CAMS Foundational Online Training is a 3-hour unscripted clinical demonstration with a patient through the course of 12 sessions of the CAMS Framework, featuring the creator of CAMS, Dr. David A. Jobes.

THREE CE_s AVAILABLE FOR \$36

2 Attend Four Consultation Calls: Participants are expected to attend 4 out of 8 Consultation Calls. Each 1-hour Consultation Call is an opportunity to discuss cases and best practices with experienced CAMS Consultants, as well as collaborate and learn with other Vermont clinicians.

UP TO 4 FREE CE_s ARE AVAILABLE TO PARTICIPANTS WHO ATTEND ALL 4 CAMS CONSULTATION CALLS.

The CAMS Consultation Call Series has been approved for up to 4 free CE_s by the Vermont Office of Professional Regulation for Alcohol and Drug Abuse Counselors, Allied Mental Health, Psychoanalysts, Social Work, and Psychologists.

3 Free CAMS Book: Participants who attend at least 4 CAMS Consultation Calls will receive a free copy of the CAMS Book – 3rd Edition.

WHAT OUR 2023 PARTICIPANTS HAVE TO SAY:

"[CAMS] is a wonderful structured technique for working with suicidal patients"

"I think this was a very valuable opportunity. I especially enjoyed the follow up calls."

"[CAMS] provided a higher level of confidence with working with clients with suicidal ideation."

"CAMS is a well developed system and this training program is very well presented, by very knowledgeable and skilled professionals in a very comfortable, convenient and easy to access format."

"Valuable opportunity with extremely useful format."
